Isa 120 Sport 2008 4.490.000 € vat paid

KEY FEATURES

- *5 En-suite staterooms for 10 guests, master on main deck*
- *VAT paid*
- *Jacuzzi on sundeck*
- *BBQ & Teppanyaki on sundeck*
- *Fin zero speed stabilizers*
- *Separate lateral garage access for tender and 2 jet-skis*
- *Contemporary styling inside and out*
- *Wi-Fi connection and entertainment systems onboard*

This ISA 120 SPORT motor yacht for sale has a length of 36.45m. The yacht's builder is ISA from Italy who delivered this Superyacht in 2008. The vessel boasts a beam of 7.4m, a draft of 1.5m for a volume of 235 GT and benefitted from substantial refits in 2012 and 2020.

Built in GRP, this planning yacht model sold extremely well thanks to its innovative design and excellent performance.

This ISA 120 SPORT flybridge yacht features naval architecture and exterior styling and design by Andrea Vallicelli, with luxurious interior design by Cristiano Gatto. Her aggressive and sportive, yet subtle and clean lines an offer style, performance and function while featuring a voluminous interior that is hardly seen for a vessel this size.

The versatility of the sundeck is another special feature onboard this luxury yacht, since it's equipped with a sunbed that, through an electric system, can turn into a table with "teppanyaki" cooking top. The Jacuzzi and the bar area with dumb waiter, grill, hot plate and fridge is everything needed to entertain her guests.

Her interior is a well-balanced mix of classic and modern styles, with veneered and argyle pattern glossy mahogany on the walls and on the frames of doors and windows, and mat wenge on the floor. The bathrooms are finished with pure white Afion on the tops and in Michelangelo marble on the flooring, which can also be heated.

With 2 twin and the 2 double guests en-suite staterooms on the lower deck, together with the two-level master stateroom on the main deck, this motor yacht comfortably accommodates 10 guests and up to 6 crew to ensure a relaxed cruising experience. The vessel's impressive leisure and entertainment facilities make her a spectacular yacht for socialising and entertaining with family and friends.

This ISA 120 SPORT is powered by triple 2400 Hp MTU diesel engines and the 3 water-jets grant her a remarkable 32 knots top speed. The use of the Quantum Marine Engineering stabilization system (zero speed stabilizers with underway and at anchor functionality), specially made for this model, make this motor yacht very stable and comfortable at anchor. The vessel cruises at 26 and her range is approximately 550 nautical miles at 14 knots.

MAIN CHARACTERISTICS

Builder: ISA Yachts (Italy)

Model: ISA 120 Sport
