Rosetti 38 M 2021 *Asking Price 16.850.000 € vat not paid*

The Rosetti 38 M 2021 is the first explorer yacht build by Rosetti Superyachts. She has a successful period as a luxury charter yacht since her launch in 2021 and is now for sale for the first time.

The 38m is a steel hull superyacht with an impressive 5,000nm range, consuming just 55 litres of fuel per hour at 9 knots. These remarkable credentials make her an ocean-going superyacht with enhanced eco-friendly factors.

The Rosetti has a modern exterior profile with sections of angular glass intersecting her lines. Designed by Hydro Tec and offers a carefully considered layout with 350 square metres of deck space.

Emocean's large volume of 432 GT translates into a spacious interior that adopts a neutral colour palette with turquoise accents, resulting to a light and bright interior that can be easily personalised. Another example of details that went into Emocean's design and build - the saloon sofas have been custom built at different heights so as to avoid obstructing the windows and influx of natural light. Environmental impact was a consideration for her interior decoration as well, and many fabrics used for the upholstery have utilised recycled ocean plastic.

Along with the saloon lounge, other interior spaces and highlights include a formal dining area and 150-bottle crystal wine cellar, as well as a sky lounge with a bar and 75-inch cinema screen.

Emocean has accommodation for 12 guests. There is a full-beam master suite on the main deck, complete with an owner's office, walk-in wardrobe, his-and-hers en suite bathroom and a private balcony accessed via floor-to-ceiling sliding doors. The guest accommodation is on the lower deck and comprises two guest doubles and two cabins which can be converted between twin or double configuration, each with an additional Pullman berth for complete flexibility.

Crew areas are designed for long range cruising in mind, and the accommodation for the yacht's seven crew is both spacious and well thought out. A comfortable en suite Captain's cabin is located behind the bridge, with a further 3 en suite twin cabins on the lower deck. A dedicated cold storage area and a separate laundry ensure smooth operations even during extended cruising.

The deck spaces are designed for entertaining and relaxation, with seating areas to aft on both the main deck and bridge deck. In here, one can also find a beautifully designed crane and storage for the main tender.

The sundeck is Emocean's crowning glory, featuring a 3.5m infinity pool along with a bar, cushioned sunpads and al fresco dining area. The sundeck space can be enclosed by glass panels, creating a winter garden that can be cooled or heated as desired and giving flexibility of use in all climates.

Her beach club fosters connectivity with the sea in complete comfort, thanks to a well-appointed dayhead, whilst also offering plenty of storage for water toys.

Capable of extended voyages in supreme comfort and luxury, it is no surprise that Emocean is a multi-award-winner, including the coveted World Superyacht Award in 2021.

This is a great opportunity to acquire a new global cruiser, with proven ocean-crossing capabilities and charter credentials.

Key Features

- Impressive credentials of 432 GT, 9m beam and 5,000nm range
- Low fuel consumption
- First explorer superyacht from the experienced team at Rosetti shipyard
- Explorer design offering the best combination of luxury and comfort
- Unrivalled seakeeping and spacious accommodation, suitable for ocean-crossing and long periods of onboard living
- 6.5m ZAR Formenti tender
- *Designed with people and the planet in mind – truly eco-friendly*
