FOR SALE : Custom Line 37 5 cabins 2019

ASKING PRICE : 13.800.000 € vat not paid

CUSTOM LINE NAVETTA 37
– 2019
– For Sale
– 5 Staterooms for 11 Guests, Master on Main Deck
– Stabilized
– US Power Converter & Full Options
– Located in Gocek, Turkey (FRANGELO)

Built on a displacement fibreglass hull, with fibreglass superstructure and teak decks, this CUSTOM LINE NAVETTA 37 for sale is a motor yacht with a length of 121' 6". The yacht's builder is Custom Line from Italy (part of the Ferretti Group) who delivered this Superyacht in 2019. This yacht features a wide beam of 8m, a relatively shallow draft of 2.27m and a huge volume of 289 GT spread across 3 decks with classic white exterior and black hard top to the sundeck.

The yacht is built to RINA Class and MCA certified should her new Owner wish to charter.

The CUSTOM LINE NAVETTA 37 is a high-volume tri-deck displacement motor yacht designed for extended live aboard cruising with a contemporary-classic, elegant design throughout. She features exterior and interior design by Zuccon International Project, with naval architecture by Custom Line SpA.

The pedigree of the yard is well renowned for quality and detailed finishing and this example has been equipped to a very high level with comprehensive optional equipment, including an upgraded entertainment, highest quality appliances, both zero speed fins & gyro stabilizers for complete comfort and stern beach club with hydraulic swim platform. Additional features include her bow deck lounging area, sundeck Jacuzzi and garage for tender and toys.

This CUSTOM LINE NAVETTA 37 is not just a yacht. It's a blend of luxury, comfort, and excellent condition, making it a fantastic choice for anyone looking for a high-quality, private yachting experience.

When you step aboard this motor yacht, luxury and top-notch performance meet. This yacht stands out with its gorgeous interiors, smooth cruising experience, and excellent upkeep, all while being in perfect condition.

Inside, you'll find interiors that are both elegant and welcoming. All areas are filled with high-quality materials and beautiful designs, making every moment on board feel special and luxurious. It's the perfect place to relax and enjoy the sea in style.

Up to 11 guests are accommodated on board the yacht's optimized layout, comprising a main deck Master suite and 4 additional guest cabins on the lower deck, all with en-suite facilities. A

dark brushed oak interior, a clean but sophisticated décor and large hull windows, enhance the abundance of light in all her living spaces. She also carries accommodation for 7 crew members.

This CUSTOM LINE NAVETTA 37 for sale is powered by twin 1400 Hp MAN Diesel engines, which give her a cruising speed of 12 knots and a top speed of 15.5 knots. The yacht boasts a maximum range of 3000 nautical miles at her economical speed of 10 knots.

When it comes to sailing, the CUSTOM LINE NAVETTA 37 is a dream. It's built to cruise smoothly and comfortably, so you can enjoy your time on the water without any worries. The yacht's advanced systems make sure every journey is calm and enjoyable.

This CUSTOM LINE NAVETTA 37 is a turnkey solution ready for the 2024 season, offered for sale with full MCA compliance and has just completed the 5-year Class survey and a full maintenance schedule. What's more, she has been looked after with great care. It's in outstanding shape, showing just how much attention it has received over the years. Even though it meets all the official standards for commercial yachts (MCA compliant), it has only been used privately, which means it's been maintained even better.

iPad mini control system for entertainment
Leather headboard
Lisage blind and black-out roll-up (manual movement)
Loudspeakers (2) with amplifier
Media server system with Apple-TV connected to central unit
Natural ventilation under the mattress
Nightstands (2)
Reading lights (2)
Telephone
TV LED 'Smart TV' 40"
Walk-in closet with mirror, cabinet with door and shelves

FORE PORT SIDE GUEST HEAD
Air conditioning
Cabinets with doors and shelves
Cabinets with mirrored doors, shelves and light
Ceiling LED lights
Ceramic bidet
Ceramic electric WC

Ceramic wash basin with marble countertop
Electric ventilation fan for bathroom and shower
Hull window with openable porthole in stainless-steel
Lacquered bulkheads
Marble flooring with soundproof lining
Shower (glass door and frame in stainless steel, marble floor, marble bench, lacquered walls and waterproof curtain)
Towels set
Venetian blinds (manual movement)
WC control panel with gauge (3/4 and full)

CREW DINETTE
Acoustic alarm for bilge water level in garage, engine room and bow
Air conditioning
Ceiling LED spotlights
Combined fridge and freezer
Curtain
Dinette (sofa with wooden table)
Emergency escape to main deck
Fire hose outlet with sea water
HDMI aux input
Integrated monitoring system with touch-screen display
Microwave oven
Mini Hi-Fi CD system with tuner and loudspeakers (2)
Openable porthole in stainless-steel
Overhead cupboards with door and shelves
Sink in stainless-steel with hot/cold water
Storage under the stairs
Tableware for 6 people (crew)
Telephone
TV LED 'Smart TV' 28"
VHF dual station
Vinyl flooring

UTILITY ROOM
Air conditioning
Cabinet with shelves
Ceiling LED spotlights
Curtain
Dryer
Electric ventilation fan
Openable porthole in stainless-steel
Vinyl flooring

Washing machine

CREW LOBBY
Ceiling LED spotlights
Vinyl flooring

CREW CABINS (2)
Air conditioning
Bunkbeds with mattresses, pillows, bedspreads and sheets
Ceiling LED spotlights
Curtain
Fitted carpet
Mini Hi-Fi CD system with tuner and loudspeakers (2)
Openable porthole in stainless-steel
Reading light (2)
Wardrobe

CREW HEADS (2)
Air conditioning
Ceiling LED spotlights
Curtain
Electric ceramic WC
Electric ventilation fan
Locker with door and shelves
Mirror
Openable porthole in stainless-steel
Shower with plexiglass door
Towels set
Washbasin
WC control panel with gauge (3/4 and full)
Wooden flooring

HOSTESS CABIN
Air conditioning
Bed with mattress, pillow and bedspread
Ceiling LED spotlights
Curtain
Fitted carpet
Mini Hi-Fi CD system with tuner and loudspeakers (2)
Openable porthole in stainless-steel
Reading light
Wardrobe (hanger and mirror)

HOSTESS HEAD

Air conditioning
Cabinet with mirrored doors and shelves
Curtain
Electric ceramic WC
Electric ventilation fan
Locker with door and shelves
Openable porthole in stainless-steel
Shower with plexiglass door
Towels set
Washbasin
WC control panel with gauge (3/4 and full)
Wooden flooring

ENGINE ROOM

Air extractors with remote controlled emergency shut down (2)
Air inlets with separators and remote-controlled emergency shutdown
Aluminium anti-slip flooring
Auxiliary gen set
Day/night CCTV fixed colour cameras (2)
Diverter valves to allow engines to pump water from the bilge (2)
Electro-hydraulic control unit for bow thruster
Emergency escape to the cockpit (watertight hatch and removable ladder)
Emergency fuel transfer pump
Finishing panels in multi-layer light alloy sheet
Fixed fire extinguishing system (engine room) with manual activation
Generator muffler and gas/water separator
Inspection lamp
LED lights
RACOR pre-filters to main engines (2)
Smoke detector
Stainless-steel foldaway washbasin with fresh water
Stainless-steel handrails around main engines
Water filters for engine cooling system (2)
Water filters for generator cooling system (2)
Watermaker

CONTROL ROOM

Air compressor with spray gun and spiral hose
Aluminium anti-slip flooring
Day/night CCTV colour camera
Electric ventilation fan
Fire hose outlet with sea water

FM200 fire extinguishing system
Hydraulic emergency wheel
Integrated monitoring system with touch-screen display
Inter-com for manoeuvring
LED lights
Main electric panels 400V / 230V / 24V
Rudder angle indicator
Smoke detector
Telephone
VHF dual station
Workbench with vice and tool set

TECHNICAL ROOM AT STARBOARD STERN
Aluminium anti-slip flooring
CCTV colour camera
Electro-hydraulic control unit for gangway
Electro-hydraulic control unit for garage door
Electro-hydraulic control unit for helm position
GLENDINNING shore power
Inter-com for manoeuvring
LED lights
Transformer for shore power supply 70 KVA

BEACH AREA AND GARAGE AT STERN
Beach area with furniture with basin (hot/cold water) and storage (port side)
Ceiling LED lights
Emergency bilge/fire extinguishing diesel pump (in storage)
Fire extinguishing system with sea water
Fixed hull window with manual
Venetian blinds (port side)
Floodable hangar for tender
Fresh water outlet for washing
Natural teak flooring
Petrol gas detector (2)
Smoke detector
Storage at stern, port side
Tender launch hydraulic winch
Ventilation system with extractor fans
Walls covered with wood and laminate
Watertight compartment

PROPULSION AND CONTROL EQUIPMENT
Hydraulic bow thruster (70 Hp)

Power-assisted hydraulic steering with emergency manoeuvring
Shaft line transmission with elastic thrust bearing between shaft and reduction gearbox
Silenced main engines exhausts
Stuffing box with dripless shaft seal, low maintenance

STABILIZING SYSTEMS
Stabilizer fins underway and zero speed

AUDIO, VIDEO AND NETWORK
DTV HD systems
Integrated GSM and UMTS internet system
Local audio and video unit for external forward dinette and SD Local audio and video unit for MD saloon, UD and five cabins
Media server system with local units and party mode
Wi-Fi connection with access points (4)

COMMUNICATION
First radar antenna Open Array
Input lines fitted for SATCOM
Multifunction printer with fax
Portable GMDSS VHF (helm position) (2)
Router coastal communicator PD-LAN-Wi-Fi-Internet for Fleet BB and/or VSAT connection
Routing UMTS system
Second radar antenna Radome
SSB/DSC
Telephone interface GSM/Voice/Fax
Telephone switchboard
Telephones (11)
TV antenna
TV SAT antenna
TV SAT receiver (3) (saloon, upper lounge, Master cabin)
VHF transceiver (helm position (2), flybridge helm position, crew dinette, captain's cabin e garage) (6)

MONITORING SYSTEM
Air conditioning system fan coil monitoring and control
Alarm, with database and current alarm, monitoring
Bilge pump system monitoring
Black/gray water tank level monitoring
CCTV monitoring
Electrical system (batteries, generators, shore power, electric panels) monitoring and control
High and low fuel level and water tank level monitoring
Lighting monitoring and control

Monitoring galvanic protection
Monitoring system with 15" display touchscreen (3) (integrated in dashboard, system area, crew quarters)
Navigation lights monitoring
Outside doors and portholes monitoring
Smoke detection alarm monitoring
Water tank level monitoring
Weather data monitoring

CCTV SYSTEM
CCTV video sequencer control from integrated dashboard
Closed circuit surveillance system with colour cameras (8)
Day/night internal cameras (4) (in engines room (2), technical room and control room)
External CCTV cameras (3), in the cockpit (2) and side decks (2)

NAVIGATION
Automatic pilot control unit (helm position)
GPS Antennas (2) + Emergency (1)
Integrated navigation system with redundancy, main radar (64 nm), secondary radar (36 nm), chartplotter, GPS and echosounder
Multifunction navigation instrument (Eco, Log and water temperature) (2) in crew dinette and Captain's cabin NAVTEX weather receiver
Wings control stations with instruments and alarms (2)

FRESH WATER SYSTEM
Dockside water connection
Fresh water outlets for washing (5) (bow, side decks (2), aft garage and upper deck)
Fresh water pump 400V (2)
Hot water circulating pump
Structural freshwater tank (4,000 l)
Water heater 100 l (2) 230V
Watermaker

BLACK AND GRAY WATER SYSTEM
Automatic gray water discharge system (interchangeable with black water)
Black water tank (1,000 l) with warning light 3/4 and full
Electric automatic pump for black water tank discharge (interchangeable with gray water)
Electric system WC with freshwater flush
Gray and black water tanks washing system with sea water flush
Gray water tank (1,000 l)
Marpol discharge outlet for black water

FIRE EXTINGUISHING SYSTEM

Derivations sprinklers to water the sea (bow, side decks (2), hallway cabins lower deck, observation deck, systems area, crew cabins corridor)
Fire extinguishers located in each room/cabin
Fire extinguishing system with sea water (garage) with activation from the control room stairway
Fixed fire extinguishing system (engine room) with manual activation
Fuel vapours detector system (garage)
Pull handles in the engine room (engine fuel and generators shut-down, air inlet (4) and ventilation fan shut-off (2), activation of fire extinguishing system in engine room and systems area)
Smoke detector system (in all cabins, galley, dining room, saloon, helm position, upper lounge, garage, engine room and systems area) with main alarm in helm position

AIR CONDITIONING SYSTEM
Mediterranean air conditioning and boiler for winter heating

FUEL SYSTEM
Daily stainless-steel fuel tanks (3,100 l) with decanter and discharge
Fuel transfer pump 24V
GRP main structural fuel tanks (total capacity 32,500 l)
Pipes in compliance of the class requirement
RACOR filters to generators (2)

ELECTRIC SYSTEM
12V automatic battery charger (for genset battery bank)
12V gel battery dedicated to port genset starting
12V gel battery dedicated to stbd genset starting
230V electric sockets (inside the boat)
230V lighting system
230V / 400V distribution system AC 50Hz 3-phase + neutral, powered by the gensets or by the shore power 24V emergency lighting system
24V automatic battery charger (battery banks for main engines)
24V automatic battery charger (services batteries banks)
24V automatic battery charger for emergency batteries
24V automatic battery charger for radio batteries
24V DC distribution
24V DC distribution system supplied by service batteries
24V gel battery bank for emergency
24V gel battery bank for services
24V independent gel battery banks (2) for main engines
70 kW port genset with soundproof casing
70 kW stbd genset with soundproof casing

Automatic parallel system between genset with seamless transfer between genset and shore power
Cathodic protection with zinc anodes
Copper strip ground system
Dock connector plug (20m) 100A 400V 3 poles + ground reel with GLENDINNING (local and remote control)
Genset parallel battery banks breaker
Lighting protection system
Main electrical panel (in control room) and secondary electrical panels (internal areas)
Main engines parallel battery banks breaker
Manual batteries breaker (genset, emergency, radio)
Manual engine batteries breaker, and remote switch for service batteries
Shore power supply transformer 70 kVA

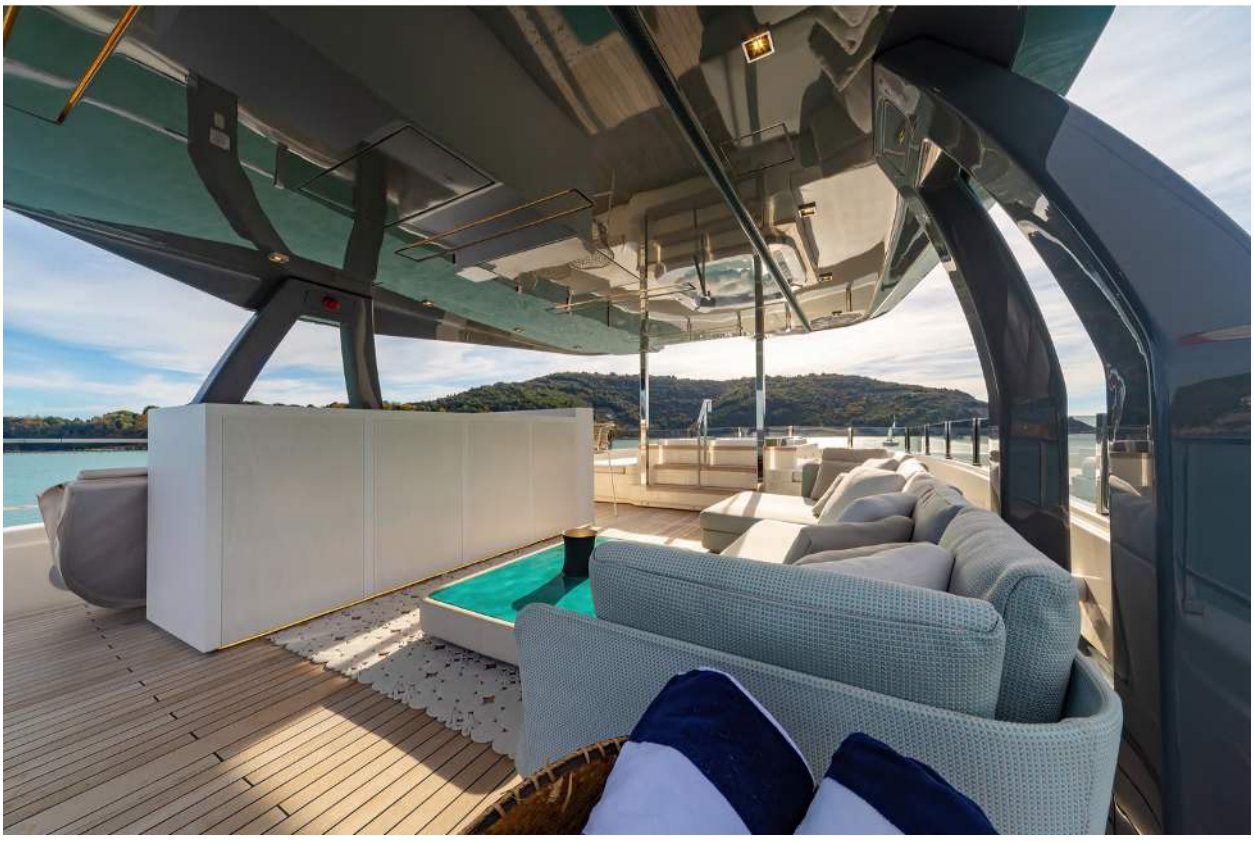

BILGE PUMP SYSTEM
Auxiliary electric pumps 24V (7) (guests and crew area (3), stern, systems area, engine room (2))
Bilge alarm in each compartment
Centralized 400V bilge pump system with electric pumps (2) and emergency diesel pump (bilge and firefighting)
Emergency bilge suction pipe (engine room) through engine cooling pumps
Marpol connection for bilge oily water drainage

SAFETY EQUIPMENT
Ax
Child life jackets (2)
EPIRB ACR GLOBALFIX
First aid kit
Housed life rings (2), one with rope and 30 m luminous buoy Life jackets (20)
Life rafts for 20 people (2 x 10)
SART Transponder ACR PATHFINDER 3
