– Superyacht for Sale

– 5 Staterooms for 10 Guests, Master on Main Deck

– Stabilized

– Charter Compliant

– Located South of France (EH2)

This 2022 BENETTI MOTOPANFILO 37M is a 121’ 1” displacement trideck yacht for sale, built in fibreglass, neatly refreshing its nautical tradition and representing its glorious and lively past as much as the contemporary era. Its iconic exterior and interior design, respectively accomplished by Francesco Struglia and Lazzarini Pickering Architetti, forges a renovated language, committing to the stylistic and functional expectations of today’s shipowners by combining Benetti’s shipbuilding expertise and most advanced technology.

Designed to suggest the idea of a large and protective shell gently embracing its guests, the BENETTI MOTOPANFILO 37M embodies a delicate and understated elegance that transcends the times. Its balanced volume is contoured by soft lines, only subtly enhanced by essential protrusions and carved elements reminiscent of its story.

A completely flush surface element joins the hull with the superstructure to create a unique and visually harmonious form, the elongated silhouette preserving the original ship’s style. The main deck window further emphasizes the tapered effect as it stretches along the whole length of the hull.

The traditional mahogany cap rail edging the bulwark of the historic Motopanfilo is now transformed into an elegant aesthetic highlight in matte metallic bronze colouring. The 45-degree chamfer traces the outline of the main deck to the upper deck overhang, creating a fluid ribbon-like effect.

As in the Sixties the transom is fully integrated in the hull volume, with the chamfer’s gentle design flowing down the hull shoulder and making it appear as one continuous surface. When folded out, its sloping face surprisingly

reveals a longer beach platform caressing the sea, neatly encompassing present-day style and needs.

While maintaining the distinctive elegance and glamour of its ancestor, today's Motopanfilo reflects the nature and usage of a modern yacht. The reinterpretation of traditional components found on classic boats such as the bulkheads, an age-old structural partition element, aspires to celebrate the sea as much as the idea of being on board a ship, whilst continuing to convey a sense of solidity and protection.

This BENETTI MOTOPANFILO 37M for sale received awards at the World Yacht Trophies, Boat International Superyacht, and Boat International Design & Innovation. She is a proven and popular motor yacht offered also on the charter market and remains in excellent condition thanks to her world-class Captain and crew.

Powered by twin 1400 Hp MAN Diesel engines, this BENETTI MOTOPANFILO 37M has a significant range of 3800 nautical miles while cruising at her economical speed of 11 knots, comfortably cruises at 12.5 knots and a top speed of 18 knots.

Her contemporary interior, light-flooded rooms, and modern features are inspired by the glamorous Motopanfilo yachts built over 50 years ago. Comfortably accommodating 10 overnight guests in 5 en-suite staterooms, she has a multitude of communal spaces and amenities to offer.

Her exterior offers a space for every guest and occasion, including a foredeck outdoor lounge with a large custom pool, plush sun pads for sun-lovers, as well as covered areas for shade-seekers. Ample seating and tables for al fresco dining can be found throughout, as well as a unique and intimate space to take in the sweeping views in her 'cocoon-style' observation deck. Her spacious beach club invites guests to relax in the sun at sea level. It features a retractable fabric canopy providing ample shade when needed and a platform for easy access when enjoying water toys.

Creating a bright, sophisticated environment, her wide-spanning floor-to-ceiling windows, clever use of mirrors, and open-plan interior provide panoramic views and connects guests with the surrounding ocean, whether lounging in her main saloon, sipping cocktails at the bar or in her formal dining area. She also provides a seamless flow from the interior main deck lounge to the main deck aft cockpit outdoor lounge. The yacht also boasts a vast full-beam on-deck Master suite, flooded with natural light from the surrounding panoramic windows. Featuring a king-size bed, his and hers en-suite bathrooms, a vanity, and a private study. Her 4 additional well-appointed guest cabins carry the soft curves throughout the vessel, accentuating the hull's shape and providing a cozy feel for a comfortable cruise. Crew accommodation is also provided for 7 in 4 cabins.
