Sunseeker 131 Yacht 2014 for sale

– Built 2014, Refit 2023

– Tri-deck Superyacht for Sale

– 5 Staterooms for 12 Guests, Master on Main Deck

– Stabilized

– Located in Tuscany (DESEO)

- Asking price: EUR 10,900,000 Ex-VAT

This 40.05 metre Tri-deck SUNSEEKER 131 YACHT for sale, is one of the finest examples of contemporary superyacht building, expertly finished using the highest quality materials and techniques and boasting a significant volume of 338 GT where the sheer scale and layout of this immense yacht is awe-inspiring.

The SUNSEEKER 131 YACHT epitomizes everything that represents a Sunseeker motor yacht. Built on a GRP hull and superstructure to RINA Class by the British shipyard Sunseeker, she was delivered in 2014 as one of 14 of the 40M Sunseeker hulls and has been maintained to a high standard throughout her life, finding herself today in pristine condition.

Her Tri-deck design features include a raised pilothouse, sundeck dining and hot tub, hydraulic swim platform, tender garage and main deck foldout balcony. Amenities for guest comfort also include zero-speed and underway stabilizers.

This SUNSEKER 131 YACHT comfortably accommodates up to 12 guests in sublime surroundings, including a large full-beam Master suite forward on the main deck with same level en-suite. Further 4 guest cabins are found on the lower deck comprising 2 doubles, and 2 convertible twin cabins with Pullman berths, all with en-suites of course. There also are quarters for up to 9 crew in 5 cabins, with the Captain's cabin on the bridge deck, conveniently located adjacent to the wheelhouse.

The main deck features a lounge, separate dining area and full galley, while on the upper deck, you'll find the skylounge, cocktail bar, gaming table, exterior dining and access to the beautiful sundeck. As impressive out in open water as it is in the marina, this stunning model is a leisure marine marvel.

A contemporary interior features fine woods and chocolate leathers throughout creating a warm ambience where guests can unwind. A quartet of white leather sofas feature in the main saloon with dark wood coffee tables in the centre and a large forward dining table surrounded by 12 director-style dark leather chairs.

A second saloon on the skylounge offers a circular games table to one side and a large L-shaped sofa to the other facing a flatscreen television. Sliding glass doors on this level lead out onto the bridge deck aft where al fresco dining is best enjoyed.

Alternatively, guests can enjoy a light lunch up on the sundeck which has been designed with casual entertaining in mind. A lounge and dining space sit centrally beneath the shade of the hard top with an awning that extends forward and aft. A forward jacuzzi with a swim up bar is found forward with four bar stools, while the aft area is dedicated to sun lounging with a fan of sunpads with adjustable back rests.

Power comes from twin 3180 Hp MTU diesel engines delivering a top speed of 24 knots, a cruise speed of 20 knots and a range of 1,500 nautical miles at an economic speed of 10 to 12 knots. Zero-speed stabilisers ensure comfort when underway and at anchor.

KEY FEATURES

- *5 Cabin layout with Master stateroom on main deck*
- *Versatile configuration of guest cabins for up to 12 guests*
- *Zero speed and underway stabilizers*
- *Atlas Frequency Converter*
- *Very high specification*
- *3 Comfortable and well-appointed decks*
