Pacific 22.50 steel Navetta was built in the Netherlands by Pacific Shipyards in 2009 and sold and delivered to the actual owner in 2011!! Single owner since new and only privately & carefully used.
Interior in mahogany furniture, leather upholstery & Wenge floor.
She is equipped with Vetus hydraulic system operating: Fin stabilizers, tender lift, bow & stern thrusters & steering.
Low consumption, comfortable cruising and excellent seakeeping! Very strong steel construction:
Keel by 5mm plate strengthened by frames, bulkheads and a spray rail every 500mm. The ship is split up in 4 compartments by means of bulkheads. The hull is built with 6mm plate. The superstructure is built with 4mm plate and every 400mm the plate is strengthened by T-iron (50x50x6)! 2 separate engine room with watertight doors.
In 2021 the full battery packs has been replaced. In 2022 hull stripping.
