FOR SALE : ISA 500 – Built 2012 – Refits 2017 / 2022 / 2024

ASKING PRICE : 15 250 000 €

VAT : NOT PAID

Originally delivered in 2012 and based on the 164’ ISA 500 Superyacht dynamic design, this motor yacht for sale is built on a displacement steel hull, and aluminium superstructure. low table, while the principal outdoors dining table for 10 is situated aft on the main deck as soon as you enter the vessel.

The Francesco Paszkowski interior evokes a warm, yet modern and serene feeling. This ISA 500 yacht definitely provides an intimate, welcoming atmosphere to be shared with friends and family. Architect Margherita Casprini especially chose the materials and décor, which include select pieces of designer furniture to define the spaces, as well as refined and sophisticated lighting emphasizing the contrast of colour and texture. Precedence was also given to the functional aspects in relation to media entertainment, incorporating video screens and audio systems into the furniture.

This “homely” touch is thanks to two woods and two varieties of marble are finishes used throughout, alternately matched and contrasting, and form the basic theme of the floor and wall cladding, fixed furniture and bathrooms: grooved Oak and flamed Brazilian Rosewood with Travertine Marble and Jerusalem Stone.This ISA 500 motor yacht comprises 6 en-suite staterooms for 12 guests. The bridge deck Master suite includes a sumptuous bathroom with hammam while the VIP stateroom on main deck includes a private lounge, an office, a dressing room, and a generous his and hers bathroom with shower and bathtub. The other 4 staterooms are located on the lower deck and include 2 double and 2 twin cabins. The decor is consistent with the rest of the yacht, and a rosewood staircase joins the decks, with a separate privacy staircase for the crew.
Crew accommodations for 9/10 crew are in 4 twin bunk crew cabins and one Captain’s cabin, all located on the lower deck forward.

This ISA 500 is up-to-date in Class and Flag Surveys with all certificates available onboard and received continuous maintenance from authorized services on principal and auxiliary machinery and systems.

KEY FEATURES

• 50m Steel-Aluminium Superyacht
• Comprehensive refits in 2017, 2022 & 2024
• Exterior design by Studio Vallicelli and interior design by Francesco Paszkowski
