New for sale available for delivery. Trade in Possible.

This brand-new 33.7m AB YACHTS 110 performance yacht is the latest model of the Italian yard and ready for immediate delivery. Loaded with options including underway and at anchor stabilisation and a practical and easy-launching tender garage, she can still be slightly personalized.

Built to EU specs on a fiberglass + Kevlar hull, this is the ideal and truly fast yacht, particularly for shallow drafts (only 1.3m – 4’ 3”) and enjoying cruising in the Bahamas. Her naval architecture and exterior lines are the work of the Next Yacht Group, while her exclusive contemporary Italian interior design was penned by Marco Casamonti of Studio Archea in Florence.

This AB YACHTS 110 offers the exhilarating experience of the 45-knot top-speed navigation, with a cruising speed of 41 knots, thanks to her triple 2000 Hp MAN Diesel engines mounted on water-jets.

Pure adrenaline, incredible acceleration and breathtaking turns characterize this glamorous large sport yacht with aggressive temperament, but also extreme attention to safety as well as comfortable and last-generation life on board. Thanks to her hydro-jet drives, vibrations are practically non-existent and the yacht sails surprisingly quietly.

With a spacious flydeck, the yacht can be used as a luxury day boat but also for long cruises thanks to her considerable volume of 178 gross tons. A concentrate of speed, safety and comfort for those who love the thrill of performance alternating with the pleasure of life on board and the desire to discover different places with extremely short cruising times.

The AB YACHTS 110 comfortably accommodates in luxury and style, up to 10 guests in 4 en-suite staterooms, comprising a full-beam Master cabin, a forward VIP and two twin guest cabins port and starboard, each with additional Pullmans. Further accommodation is provided, with separate access for privacy, for 4 crew in 2 cabins towards the bow of the vessel.

This AB YACHTS 110 is a real option for those yachtsmen seeking for the best of the best fast yachts with short-term delivery.
